Standing For Those Who Stood For US

Folding the American Flag

The American Flag may be folded for a number of reasons. Since the Flag Code specifies that the flag should not be carried flat, folding the flag may be necessary for transportation, storage or display. The flag is also folded by members of the Armed Forces after it is lifted from a casket at a military funeral. It is then given to the next of kin.

The Flag Code does not specify how the flag should be folded, but a standard flag will require thirteen folds. To specify there should be two lengthwise folds and eleven triangular folds. When folding the flag in this manner gained popularity, there wasn't a symbolic meaning associated with the folds. Through the years, the public has attributed meaning to each fold.

Most of these meanings are religious, and all of them reflect the ideals of this country.

Step 1: Facing each other, two, four, six, or eight people should hold the flag horizontally at both ends and sides.

Step 2: Make your first fold lengthwise, bringing the stripes over the union area of the flag.

Step 3: Match up the corners, keeping the flag taut.

**The first fold of the flag is a symbol of life.*

Step 4: Make another lengthwise fold, match up the corners and keep the flag taugt.

**The second fold of the flag is a symbol of a belief in eternal life.*

Step 5: Keeping the flag taugt at both ends, fold a triangle from fold to edge.
Keep folding triangles, making sure you keep a 90° angle and your folds are smooth.

**The third fold is a symbol of honor and remembrance of veterans.*

Step 6: Continue folding triangles in the same manner.

**The forth fold is a symbol of weakness.*

**The fifth fold is a tribute to our country.*

**The sixth fold is where our hearts lie.*

**The seventh fold is a tribute to our Armed Forces.*

**The eighth fold is a tribute to the one who entered into the valley of
the shadow of death, so that we may see the light.*

Step 7: Continue folding triangles onto the union of the flag.

**The ninth fold is a tribute to womanhood*

**The tenth fold is a tribute to fathers*

**The eleventh fold represents the lower portion of the seal of King David
& King Solomon, glorifying the God of Abraham, Isaac & Jacob.*

**The twelfth fold represents the emblem of eternity and glorifies the
God of the Father, the Son & Holy Ghost.*

Step 8: Fold the last triangle and tuck the ends in.

**When the folds are complete, the stars are uppermost
and remind us of our national motto,
"In God we Trust."*

**The flag will resemble a cocked hat, representing soldiers,
Marines & Sailors of the past & present.*
